

VIBREX<sup>®</sup> Conveyor Belt Cleaner

## VIBREX<sup>®</sup> Conveyor belt cleaner

### The right choice

#### Dirt

... immense, day by day. Many tons are spread over large areas and on the conveyor belt construction, obstructing the regular material flow. At worst, important equipment is destroyed. This results in loss of production and high costs.

#### Cleaning

There is no universal cleaner with the same, good effect for all applications. The VIBREX<sup>®</sup>-kit system allows to deliver the optimal scraper type for the individual solution of your cleaning problem within a short time.

#### Service

Conveyor belt cleaners work under extreme conditions, for the most part in continuous operation. VIBREX<sup>®</sup>-Cleaners consist of a few, type-compatible components. They are robust, quickly to mount and easy to adjust respectively to maintain. On request, our specialized personnel is always at your disposal. Please ask for our reasonable rates.

#### Costs

Long service life of the cleaning elements ensure low maintenance costs and guarantee a permanent and reliable effect. By applying VIBREX<sup>®</sup>-Conveyor belt cleaners, you will reduce costs that could result from missing or badly working cleaners.

**Dirty conveyor belt transfers  
will become clean transfer points**
